FFA Timeline

**Time Needed:**
Activity 1 – 30 min  
Activity 2 – 20 min (optional)

**Materials:**
- The Official FFA Student Handbook – one copy per student/per group of students  
- Writing utensil – one per student  
- Scissors – one pair  
- FFA.OH.2.3.AS.A – one copy  
- Colored paper – several strips per group

**Objective:**
Design a timeline of FFA events.

**Content Outline**
1. Design a timeline of FFA events.  
   a. Establish a timeline for the changes and events that occurred over FFA's history.

**Activity 1 –**
1. Before this activity begins, cut FFA.OH.2.3.AS.A into strips and place them around the room. Transform your public writing surface into a timeline from the 1900s to present day.
2. Go-Get-It e-Moment®  
   a. Once students have arrived, tell them there are 26 slips of paper (or however many slips you choose to use) placed around the room.  
   b. The goal is to find the slips of paper.  
   c. The students who find the slips of paper should stand in front of the room; those who do not find a slip of paper should return to their seats.
3. Have students take turns reading their slips of paper aloud and then, with the help of their peers, place it on the timeline outlined on the board.
4. Once all slips have been placed on the board, have students turn to pages 8–26 in The Official FFA Student Handbook. As the class reviews the timeline, correct any misplaced events and note any important world events that may have had an impact on some of the FFA events occurring at that time.

**Activity 2 – (optional)**
1. Split the class into groups (one group for each decade that your state association or chapter FFA program has been established) and have students research important events that occurred in the state association and/or local chapter program in their assigned decades.
2. Provide students with colored strips of paper to record state and/or local FFA events that can be added to the timeline. Students will record the new timeline events in their notes.
